### ABOUT ME

---

Highly motivated and skilled Full stack developer with expertise in Python, Django, Javascript, React & MySQL. A fresh graduate equipped with a strong foundation in programming, eager to contribute to innovative projects and develop scalable solutions. Quick learner, team player, and committed to delivering high-quality code.

### PROFESSIONAL EXPERIENCE

---

#### Software Engineer Trainee, ASPIRE SYSTEM

3 Months - Intern 6 Months - Training

Key responsibilities:

- Web Design and Development: Analyzed visually appealing and intuitive user interfaces using HTML, CSS, Bootstrap, and JavaScript to build responsive and cross-platform web applications.
- Performance Optimization: Optimize frontend code, assets, and images to improve the application's loading speed and overall performance.
- Code Maintenance and Documentation: Write clean, well-structured code and maintain documentation to facilitate teamwork and future updates
